Re: Spencer County High School Contingency Bid Packages

Dear Mr. Adams:

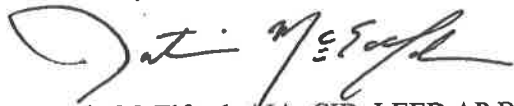

Thank you for the opportunity to continue our relationship with Spencer County Public Schools on the Spencer County High School Contingency Bid Packages. Sherman Carter Barnhart proposes to produce all necessary bid documents for these packages, and to oversee the bidding process and construction administration for each.

KDE's standard fee for a \$184,000.00 project is 9.8% of the construction cost (\$18,032.00). In consideration of the valued partnership we have enjoyed with the district, we propose completing our work for the lump sum fee of \$12,000.00.

Should you have any questions regarding this proposal, please feel free to give me a call. If the proposal is acceptable, please sign both copies where indicated and return one copy to our office.

Thank you again for the opportunity to work with Spencer County Public Schools.

Sincerely,

Justin McElfresh AIA, CID, LEED AP BD+C
Project Architect

Accepted:

Chuck Adams, Superintendent
Spencer County Public Schools
