District Provided Phones

Superintendent

Charles Adams

Maintenance

J B Walls

Jack Senior turned his phone in upon retirement. This phone is not being used currently and will be cancelled.

Rate of Reimbursement

The current rate of reimbursement is \$30.56 per month. This was the rate of the District's plan at the time the reimbursements began in 2007. The current base rate for our business line with taxes is \$45.67. The District phones do not include text or data plans.

Employees phone bill avg

| | |
|---------------|---|

| Freddie Sharp | | has not turned in his first request yet - unable to determine |
| Eric Cecil | \$ 43.64 | % of family plan that is allocated to Eric's # |
| Brett Beaverson | \$ 67.87 | % of family plan that is allocated to Brett's # |

Only employees who are not easily accessible via a landline because they are throughout the district on a frequent basis and there is a need to maintain accessibility with them are approved for a district phone or phone reimbursement.

We are requesting a \$50 monthly allowance for administrative staff and department managers due to the additional cost of their data plans that they use in the performance of their jobs.

We are requesting a \$30 monthly allowance for those employees that need talk and text only in the performance of their jobs - which would include Ben, Tim and Freddie.

At no time will an employee be reimbursed in excess of their personal phone bill.
