Status Update on Breathitt County School District

Applicable Statute or Regulation:

KRS 158.780, KRS 158.785 and 703 KAR 3:205

History/Background:

On December 5, 2012, the Kentucky Board of Education (KBE) approved Breathitt County School District as being designated a state-managed district, with regular status updates to follow.

In May 2014, the Kentucky Department of Education will be sending a team into the Breathitt County School District to conduct a second management audit. The purpose of the audit will be to inform and make recommendations to the chief state school officer and ultimately the KBE on whether state management will either be terminated or extended for a further period of time based upon the results of the new management audit, in accordance with state law.

The KBE will be provided with an update on this second management audit at the June board meeting.
