Webinar on turning federal relief funds into effective afterschool programming

School districts can utilize American Rescue Plan funds, also known as ESSER III, for high quality afterschool and summer learning programs. Join KSBA and the Kentucky Out-of-School Alliance on Wednesday, Sept. 21 at noon (ET) for a webinar on the steps for launching and sustaining a successful program. This 1-hour training will include success stories from Kentucky districts.

School board members and superintendents are encouraged to attend and will receive 1-hour of state-mandated board training or EILA credit. **The webinar is free for KSBA members and their district personnel, but space is limited.**

2022 Regional Meeting program description: School safety remain a focus of districts across the country. Following the tragedy in Uvalde, Texas, leaders at the local and state levels are assessing every aspect of their plans, procedures, training, facility security, mental health, the roles of law enforcement, etc. KSBA welcomes our friends from the Office of the State School Security Marshal (OSSSM) to explain their mission and the supports available to Kentucky districts in maintaining compliance with state regulations and best practices. This interactive session will include roundtable discussions facilitated by KSBA and OSSSM staff, focusing on the important role of school board teams. Like with previous regional meetings, insights shared by members will directly inform future KSBA resources and trainings.

Meeting details will be communicated to members by host districts. Additional information is available on KSBA's website at KSBA.org/RegionalMeetings.aspx.
