Playing to a Higher Class Choice

Class Listed for my school on the draft alignment- 2A

My School would like to play up and be assigned to a district in this specific class 3A

Rationale, request or other comment if desired: We prefer to stay in 2A with a district of Martin, Prestonsburg, Floyd Central and Betsy Layne, due to travel. If this is not the setup, we would need to play 3A due to travel. The worst trip we would have in my proposed district would be two hours (Betsy Layne). For any other district in 2A our average trip would be well over 2 hours. We have many schools in our local area that are 3A. We have been in a district with Bath County for the past 2 alignments. Our longest term district rivals have been Fleming County and Lewis County. Our county rival plays in 3A as well. Over the years we have been in districts with Powell, Estill, Morgan, Pendleton counties, Russell, and even Lloyd Memorial. When

factoring out the northern part of US 23 (Martin and Floyd), we are a geographic outlier in Class 2A. Simply put, any team other than those four are in a tough spot having to travel to us (either by distance or by lack of highway or both).
