

MES Student of the Month

Nora Hacker

Nora Hacker is a 4th grade student at Morningside Elementary School. Her ability to exemplify our school's Guidelines for Success is what has earned her the honor of Student of the Month from her teacher.

Be Respectful - Nora shows respect for ALL of her classmates and the adults at MES. She is always polite and uses manners when it comes to staff and other students.

Be Responsible - Nora is one of those students that RESPONSIBILITY is her middle name. She tries so hard to do all things that are responsible when it comes to her work, helping others, and our school.

Be Cooperative - Nora is a true leader and her ability to cooperate with others is going to take her far! I can always depend on Nora to work well with anyone in our room. She is one of those students that can make it work no matter which partner/group I give her.

Be Your Best - Thank you, Nora, for being your absolute best everyday at school! Always continue to be your best! I am so proud of Nora!

-Mrs. Billings
