

School Staffing Procedures

The Elizabethtown Independent Schools shall assign each school the certified and classified personnel in numbers that meet at least the minimum state requirements.

Calculations are based on projected enrollment. Allocations will be adjusted on the 15th school day and on September 15, based on actual enrollment unless there are sufficient numbers for a full teacher. The following allocation formulas do not include categorical programs staffed at the school such as special education and Title I.

CERTIFIED STAFFING

The regular teacher-student staffing ratio will be within the guidelines of the Kentucky Department of Education and will be based upon the individual school enrollment. Teacher staffing ratios will be rounded to the nearest whole.
