General Commentary The NFHS Soccer Rules Committee met in Indianapolis on February 5-7. This year's Committee looked at several rules changes that will be announced soon, but continue to focus on student athlete safety and emphasize that this is education based athletics. The Committee is also considering the publication of a case book similar to what is used in other sports like Football, Baseball, Softball, and Basketball. Currently, Soccer has "Situations and Rulings" after each specific rule, but this new approach will help simplify the Rules Book.
