Raptor - Emergency Management

Be Ready for Any Emergency

Protect your students and staff and be in complete control during drills, active incidents, and reunifications.

Customizable to Your Policies

Be confident teachers, staff, and first responders are aligned and following your safety response procedures during drills and emergencies. Raptor is also 100% aligned with The "I Love U Guys" Foundation® protocols.

Accessible and User-Friendly

Raptor is cloud-based, meaning it can be accessed from wherever you are and on any web-enabled device. The intuitive interface and simple navigation make it easy to use even in the most stressful situations.

Streamlined Configuration

New users are guided through an educational welcome tour to ensure that settings are accurately configured on their device. This process is bypassed in an active emergency.

Relay Accurate Information to Public Safety Answering Points

Integrate directly with 9-1-1 and provide enriched data to first responders, including building maps, emergency protocols, and student, staff, and visitor information.

Sync with Student Information Systems (SIS)

Ensure you have critical student, staff, and guardian data necessary to accurately account for everyone on campus and reunify students with only approved guardians.

Comply with Panic Button Mandates

Comply with legislation, like Alyssa's Law, that requires schools to have silent panic alert systems linked directly to first responder and law enforcement agencies.

"We chose Raptor Emergency Management because it's one solution that encompasses all aspects of incident management and integrates with our student information system. The data integration with Raptor is phenomenal."

Bay City ISD, TX

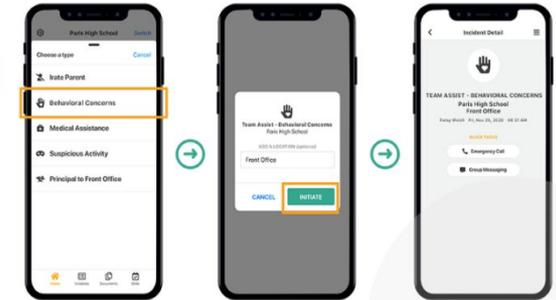

Get Help for Everyday Incidents

Summon help for incidents, such as fights or medical assistance, with Team Assist.

Efficiently Manage Incidents

Users can quickly send situation-specific details, share their location on an interactive map, communicate through group messaging, and connect with 9-1-1. Districts can customize the list of Team Assist situations, notifications, and alert recipients.

Raptor - Visitor Management

Eliminate Uncertainty

Have full control of—and a full line of sight to—who enters your buildings.

Multiple Visitor Types

Customize the sign-in questions and have detailed reports specific to each role.

Instant Screening

Screen every visitor against sex offender and custom databases, including those with custody orders and banned visitor status.

Confirm Guardianship

Sync with your student information system (SIS) to have accurate student and guardian data and ensure you release students to only approved guardians.

Trusted by over 35,000 K-12 U.S. Schools

Reduce Risk with Instant Alerts

Immediately alert administrative, security, and other appropriate personnel via text and/or email when a visitor is identified as a risk.

Detailed Visitor Badges

Help staff and students recognize approved individuals with detailed visitor badges that show the visitor's role type, photo, destination, and sign-in time.

Detailed Reporting

Generate district- or school-level detailed reports in real time. Create security-focused reports for analytical and investigative purposes. Instantly query live data and historical data that spans multiple years. Reports can be run and delivered on a scheduled basis.

"Raptor works really well. Safety and security are paramount to us, and the Raptor system helps ensure that all of our learners are safe every day."

Hard Lockdown

A “Hard Lockdown” is when there is an immediate threat to student safety; in the building or on campus.

Any staff member can call a “Hard Lockdown”; See school specific Emergency Plan for this process. Local law enforcement will not determine when and if a lockdown should be called.

If you see or hear gunshots or other witness other extreme violence immediately initiate lockdown procedures (get all students in classroom and call the office) immediately.

When you hear “HARD LOCKDOWN” over intercom initiate lockdown procedures (get all students in classroom, lock your door, cover window in door with poster or get to a spot in classroom not visible from window, turn off light and keep everyone quiet until a staff person physically unlocks your door and gives you the all clear.

Take note of students who should be in your classroom, but, are not (left class with pass) and students who are not presently assigned to you, but, entered your classroom because it was the closest to them when “lock down” was enacted.

Soft Lockdown (Impacting One Building)

A “Soft Lockdown” is when there is a threat in the area but no known immediate threat to students or staff.

An administrator should initiate a “Soft Lockdown”; See school specific Emergency Plan for this process. Local law enforcement will not initiate the lockdown.

When you hear “SOFT LOCKDOWN” over intercom initiate lockdown procedures (get all students in classroom, lock your door, cover window in door with poster and resume normal instruction.

No movement should occur in or out of the building.

Students should be escorted within the building

Additional staff not actively giving instruction or supervising students should check exterior doors and provide additional supervision.

Evacuation and Reunification

2022/2023

Reunification Procedures

Reunification is the process which protects both the safety of your student and provides for an accountable change of custody from the school to a recognized custodial parent or guardian.

In the event a situation results in the evacuation of one of our schools, we want our families to know we have procedures in place to respond to the situation. If an occurrence necessitates the evacuation of our students from their school to another safe location, we have designated buildings throughout the city which will house students and allow us to implement a controlled release of students.

As soon as it is safe to do so, the location of evacuated students will be shared via our communication channels and the Reunification process will begin. Please do not show up at your child's school as that will create an unsafe situation for all involved.

The safety of your child is extremely important to us, which necessitates the controlled release of all students. Please be aware, this process will take a long time. Take a moment to read over the following checklist as we will work diligently to unite your student with you as quickly as possible.

□ **District employees will try to answer your questions.** Please look for persons wearing bright colored vests who will be close by and available to offer assistance.

Checklist for Parents/Guardians:

- **Do Not come to your child's school.** Please make your way to the reunification site in a safe and calm manner.
- **Bring your ID.** There will be a short form for you to fill out for each child you are retrieving. School personnel will verify who is allowed to pick up the child and compare that information to a photo ID.
- **Parents should be prepared to wait in line and be patient.** In order to ensure the safety of all our students, it may take a long period of time to check out each student and we ask for your patience in advance. It is imperative that records be checked and each student is released to the correct guardian.
- **Accountability:** Understand that you will only be allowed to take the children if you are listed in their emergency contacts.
- **Remain calm.** Help us reunite every student with their appropriate parent or guardian in a safe, orderly manner.
- **Line up,** following the designated signage. During check-in, identification is confirmed and student information is verified.
- **Complete Reunification Card.** Fill out all parts of the attached student reunification card to be presented to staff. The card will be used by staff and runners to retrieve your student and bring him or her to a designated area for you to be reunited.
- **Communication:** Additional information will be provided as it is obtained. All channels of communication, if available, will be used, including one-call now, social media updates to the district's website www.etown.kyschools.us, and our Facebook page, along with radio and tv announcements.
