Topic	Sports Report
Sports Report	
Sport	Winter Swimming
Positive Developments and Highlights	Combining region diving to one site was well received by officials, schools, and coaches. Consistent judging and streamlining costs to schools were all positives.
Issues of Concern (legal, playing Rules, fiscal management, etc.)	Continue to have issues with capacity and was unable to get fans in for both boys & girls swimming days, both prelims and finals.
Championship Update/Review	Concluded 2023 championships with a great 3 days of swimming & diving. Many records were broken throughout the 3 days.
