Attendance for KHSAA

Meeting_Session Attended NFHS Section 3

Takeaways to help Board and Staff The KHSAA has been afforded the opportunity to attend the NFHS Section 3 meeting yearly in addition to its normal meeting in Section 2. This meeting gives the association an early preview of the section meetings and gets the information back to the state and our members sooner.

General Commentary This meeting is the other states involved are in the SEC, and there lies a common thread of influences, both good and bad. The states in this Section are Florida, Georgia, South Carolina, Alabama, Tennessee, Mississippi, Louisiana and North Carolina. In addition, Arkansas attends. This communication thread is extremely helpful. In addition, this year much discussion about legislative intervention in transfers. The Commissioner will review that information.
