**BOARD  
PRESENTATION 2024**

# BVA

## OVERVIEW

BVA was a program derived after the pandemic for students who are looking for a non-traditional learning environment.

We have two HS teachers, one MS teacher, two AP's and receive support from many other staff among the two buildings.

# BVA SPOTLIGHT

## **TEEN MENTAL HEALTH**

Parents and students report they choose BVA as a way to support students mental health.

## **DESTINATION DISTRICT**

We have had multiple students join CIPS from neighboring districts specifically for our virtual program.

## **REAL WORLD PREP**

Students can juggle their jobs, families, and their education by choosing BVA.

# **BVA**

## **OVERALL STRUCTURE**

### **Application Process**

Starting in the spring, we share an online application with families and communicate their acceptance.

### **Parent Orientation**

At the beginning of the school year, we host an orientation night for BVA students and parents to review expectations, devices and Edgenuity.

### **Deadlines**

Each course has a start and end date and students have weekly goals of minutes/units that must be completed.

### **Custom Edgenuity Courses**

All courses have been aligned to our in person course sequence.

### **Weekly Google Meets**

Meetings are organized by grade and include a grade check-in, announcements, student questions and socializing.

# HHS BVA TESTIMONIALS

I don't have to worry about her safety while at home. There is too much violence going on at school. I love that she can work and do school.

My only feedback so far for BVA is that the kids should be invited to school more often for events at school during school hours, award ceremonies, and field trips. This BVA newsletter was great because sometimes I do feel out of touch with what's going on!

My son has had a positive experience with being able to be virtual. It has helped him stay out of trouble and to concentrate on his work more.

BVA has been wonderful for my student's education. As he was having a hard time focusing in school and making it to classes staying in classes with peers and his time management issues. BVA has helped him be able to focus on his work and his grades where as before we were falling severely behind.

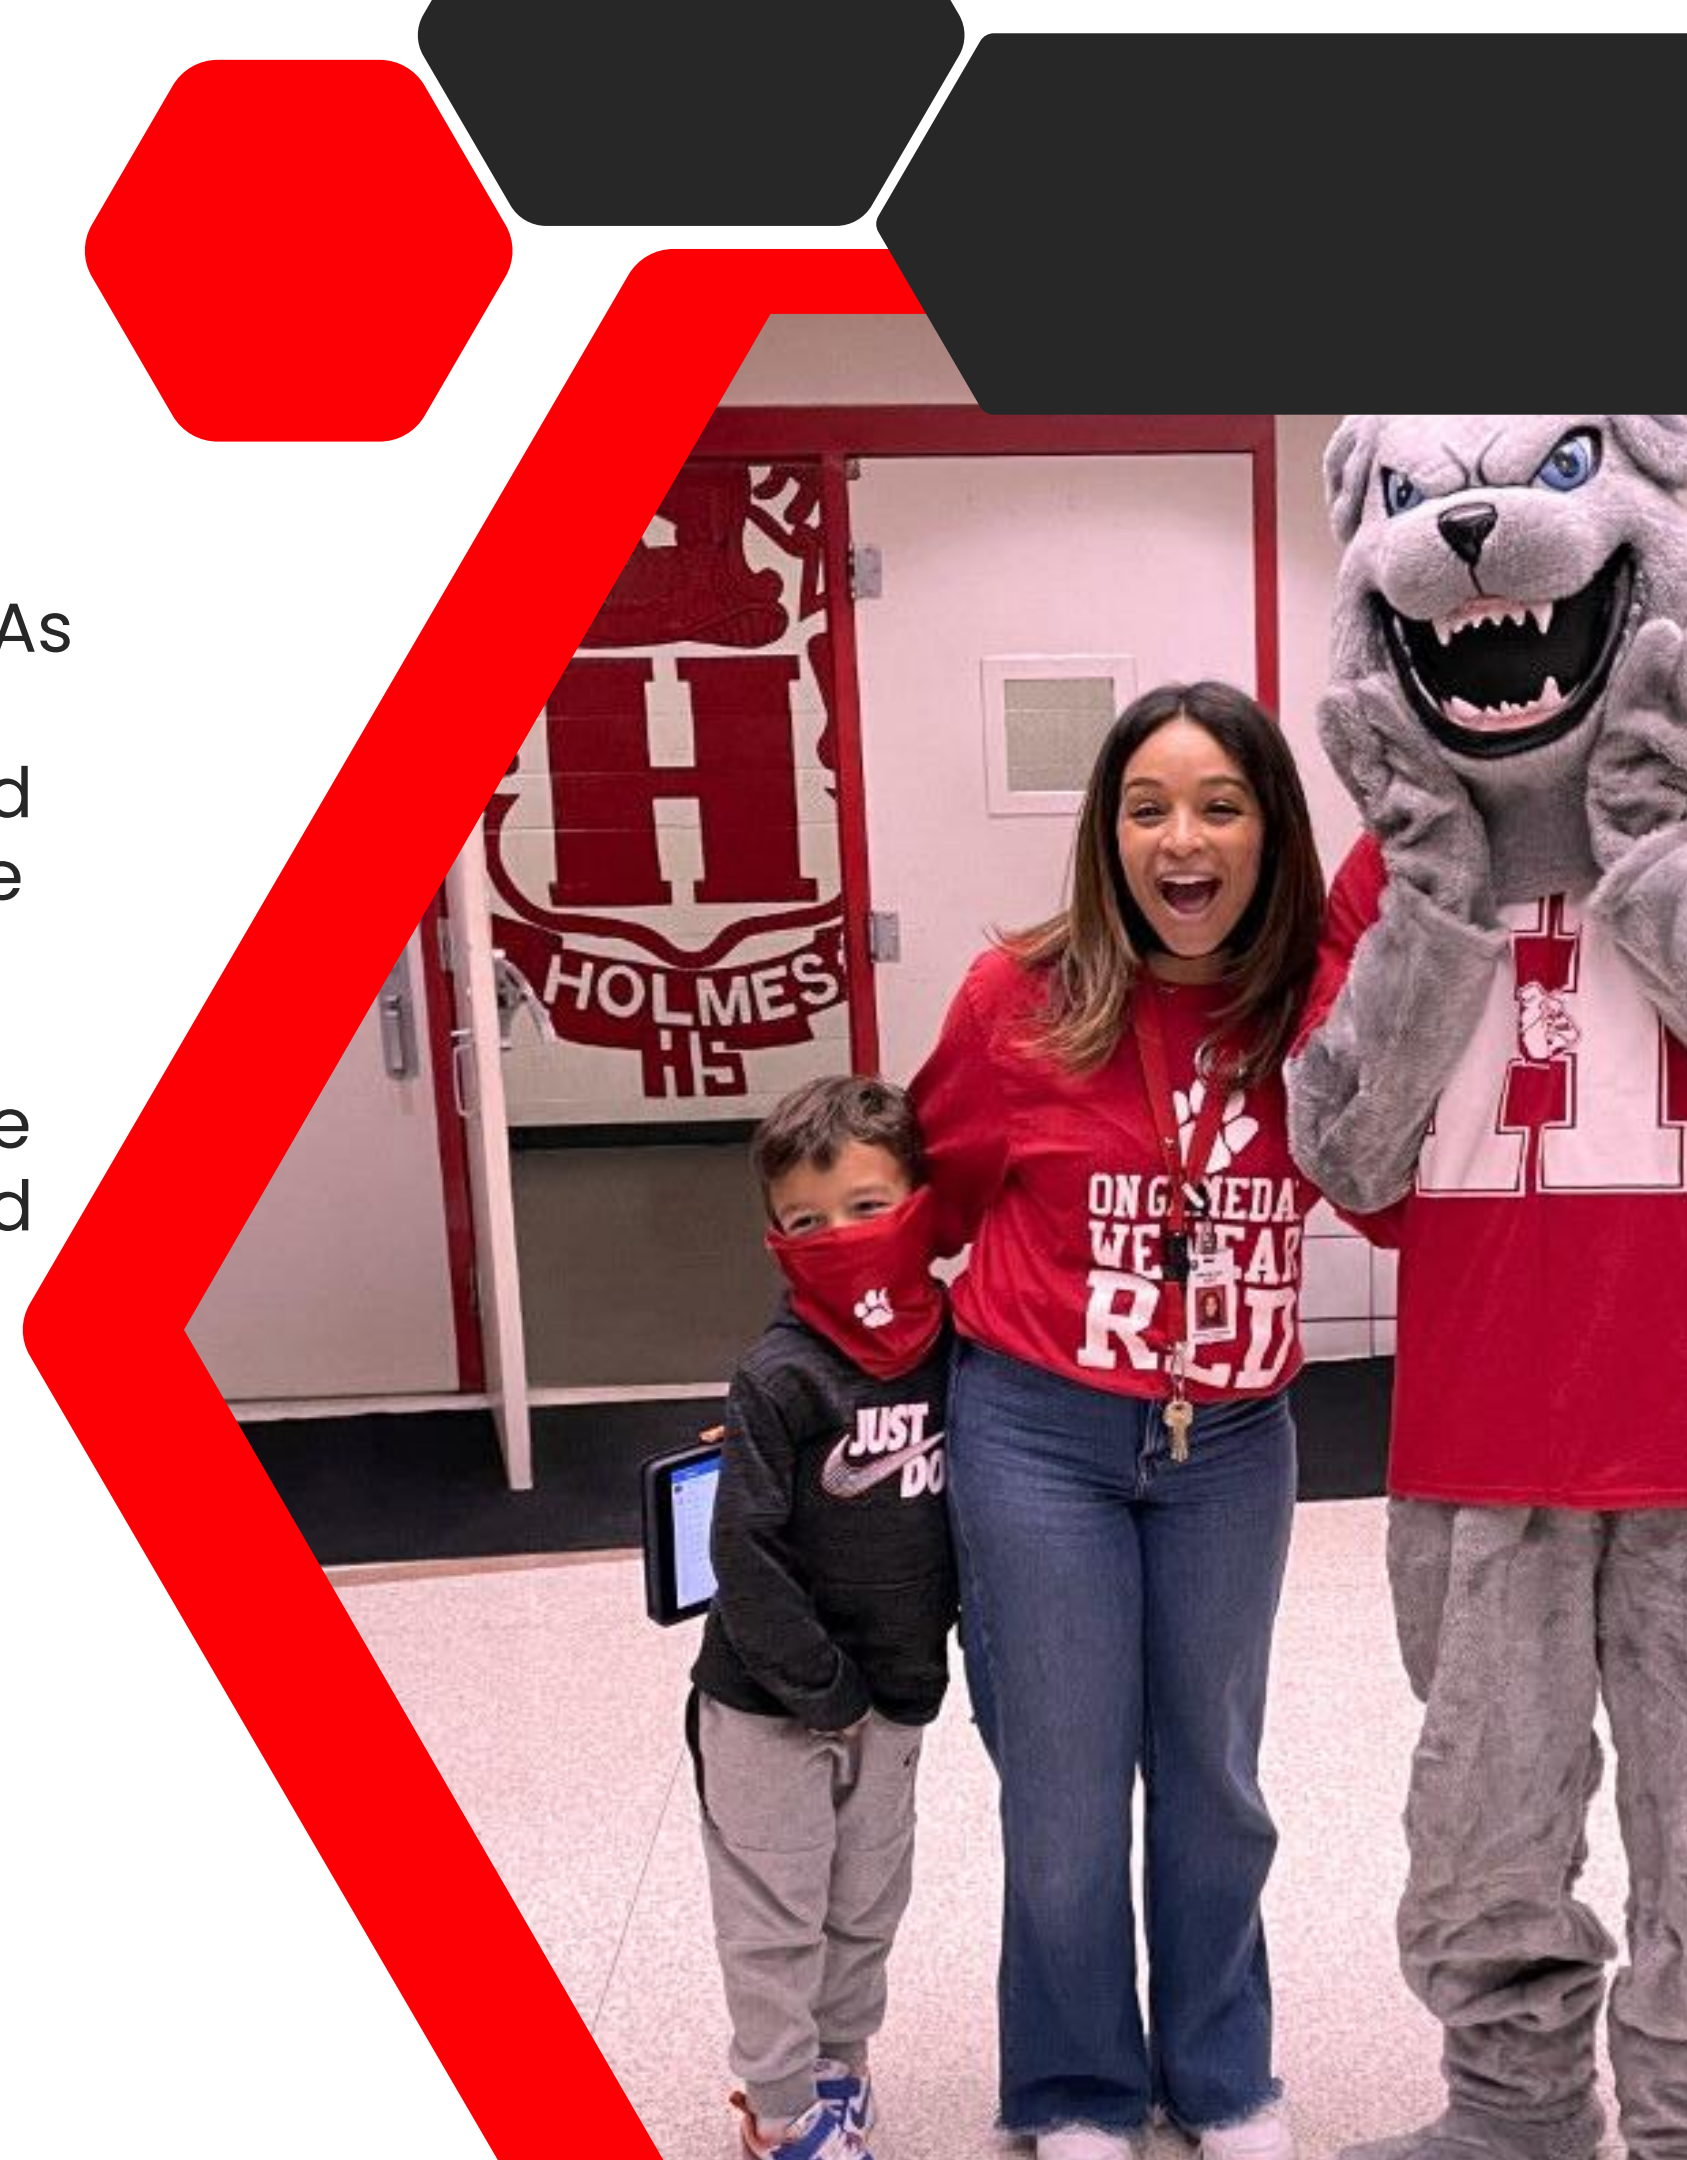

Bva is a great learning experience for my kids there is no distraction from bad or rude kids and my kids can take their time and work at their own pace and do great

Virtual schooling is an amazing way to keep students motivated I would like my kid to finish school virtually

- **Mr. Moore actually cares about his students and wants them to succeed. He makes sure the students stay on track. When they're not, he notifies the parents immediately. He's easy to work with, and is a great person and teacher.**
- **I think you are doing a great job. My daughter loves doing BVA she had so much trouble in a traditional classroom. Without bva I don't know where she would be. Thank you**

# HHS BVA TESTIMONIALS

"I think Mr. Moore is doing a wonderful job keeping us parents informed on everything that is going on. I get updates on grades weekly and my kids meet with him weekly and can communicate with him anytime if they ever need extra help. My kids pay attention better to bva and have great grades!. The videos on all classes through bva give a step by step explanation and honestly it is wonderful!!"

# Holmes Middle School BVA **TESTIMONIALS**

Great communication with Mr. Martin. Always available and willing to help us problem solve and gives graces when needed.

My son doesn't get in trouble, he doesn't have to deal with teachers attitudes and they don't have to deal with his. This is his second year doing BVA for second part of school year. He will be a freshman next year, hoping high school will be easier than middle school was. His gpa is better. I wish there was more virtual tutoring options.

My child grades and behavior has improved since he started BVA

I have really enjoyed having my grandson in BVA never had any problems or concerns

# Holmes Middle School BVA **TESTIMONIALS**

I greatly appreciate HMS BVA. My son was deemed gifted/exceptional at a young age. During primary school he encountered a lot of bullying/harassment. As a result, his grades suffered. We sought independant counselling for PTSD issues and to this day,continue to work on these issues. While attending BVA I have seen my child's grades markedly improve as well as his confidence and enthusiasm to learn and try new things.

I remain impressed by the thorough communication provided by Holmes staff to both myself and my son as well as the ability to remain updated on his grades.
