~~CERTIFIED PERSONNEL~~Master List of Candidates

TO PRINCIPALS: Following is a list of qualified candidates who have applied for the vacant position at your school. Please keep in mind that the salary for some applicants may exceed 95% of the average District certified salary of \$_____. This amount is considered as a limit that must be observed unless there are multiple vacancies at your school, which, when the salaries of all applicants chosen are averaged, result in an amount that does not exceed the limit. In addition, you may select an applicant whose salary will exceed the limit if the council agrees to pay the difference by reallocating funds originally designated for other purposes, such as purchase of instructional materials.
