

## **Homework**

### **STANDARDS FOR ASSIGNMENTS**

Each school shall establish standards for out-of-school assignments. These standards shall encompass amounts and types of reasonable homework assignments by grade level.

### **PURPOSE OF ASSIGNMENTS**

Homework shall be assigned for the improvement of learning. Curriculum-related assignments shall~~and should~~ not be used for disciplinary purposes. Assignments should have meaning for the student. ~~They~~ should be clear and specific, and should be of an amount and type that may be accomplished in a reasonable period of time ~~and related to current work~~.

~~When appropriate, homework assignments should be individualized according to the needs and skills of the pupil.~~

### **SUPERVISION**

~~Each teacher shall endeavor to allocate time for students to begin homework assignments while under the teacher's supervision.~~

### **GRADING**

~~Where homework assignments are to be graded, this shall be accomplished and the work returned within a reasonable amount of time.~~
