

FORT THOMAS INDEPENDENT SCHOOL DISTRICT TRAUMA-INFORMED CARE PLAN 2021 - 2022

INTRODUCTION

The Fort Thomas Independent School District (FTISD) began transforming into a trauma-informed school district in 2018 with support from the Terrace Metrics Corporation, the Children's Home of Northern Kentucky, 1N5, and The University of Kentucky Center on Trauma and Children to provide trauma-informed care professional development, implementation support, program evaluation, and progress monitoring. The transformation was designed to enable the FTISD to utilize systemic trauma-informed practices throughout the district, encompassing not only school-based practices but informing key organizational domains which include: (a) leadership, (b) policy, (c) finance, (d) safety, (e) continuous improvement, (f) student supports, and (g) staff supports. Staff at FTISD have received introductory professional development during the 2020-2021 school year. This training has included training concerning suicide prevention, student and staff diversity, and mental health awareness and appropriate staff intervention. Additional advanced trauma-informed professional development and consultation will continue during the 2021-2022 school year. Multiple trauma-informed trainings will be provided to staff, parents, and other stakeholders, addressing ways to build resiliency in their children and self-care. The superintendent champions this initiative and is actively supported by district leadership. This team work has positioned FTISD to move forward as a trauma-informed district, meeting and exceeding the requirements of the *Kentucky School Safety and Resiliency Act*.

VISION

Student learning at the Fort Thomas Independent School District will be enhanced by systemic, trauma-informed practices and policies utilized by all staff to improve each student's sense of safety, caring, and belonging by the entire school community.

MISSION

To continue to evolve as a trauma-informed district where all adults recognize the impact of trauma on student learning by understanding and responding in ways that support the emotional and physical well-being of all students.

FOCUS AREA 1: Enhance Trauma Awareness Throughout the School Community **REQUIRED**

GOAL: ALL FTISD Staff will increase their knowledge and practice of trauma-informed practices.

OBJECTIVE: Build leadership opportunities to ensure that all FTIS staff receive basic and advanced training in trauma-informed practices for educational settings.
