#### **1. CoSN National Award**

Congratulations to our district for winning the 2021 CoSN District Team Leadership Award.

The District Team Leadership Award, sponsored by ENA/CatchOn, recognizes an exceptional district team for leveraging technology to improve learning opportunities and access. This award emphasizes CoSN's belief that the district leadership team is crucial to the digital transformation. The 2021 award goes to the team at Fort Thomas Independent Schools in Kentucky. Seven years ago, the academic and IT professionals in the district teamed up to equip every K-12 student with an iPad or MacBook. When in-person learning stopped abruptly last year, this infrastructure served as the foundation for a successful digital learning transition. The district shared a video for 40 nights in a row on social media highlighting how creative learning experiences were taking shape. With the help of industry leaders, Fort Thomas Independent Schools has also established the "Portrait of a Graduate" program to measure student competency; each student is working towards demonstrating competencies to share how they have exemplified key skills for the workplace of the future.
