## 2021 Summer - Technology Report for July 1 through September 30

## **Completed Technology Department Projects**

- Completed Classroom Technology Setups for new Johnson Elementary School
- Completed Technology Infrastructure Setup for new Johnson Elementary School
- Filed E-Rate for switches for Johnson Elementary School
- Setup Jamf services for new Mobile Device Management (MDM) platform
- Setup Lightspeed services for new internet filtering solution
- Inventoried and deployed iPads to all students in grades K-5
- Inventoried and deployed MacBook Airs to all students in grades 6-12
- Deployment and porting over to VoIP phone system
- Onboarding of 22 new certified staff members
- Summer Technology Committee Retreat
- Replaced Computer Technician August 4, 2021
- Replaced Network Administrator August 23, 2021

## **Ongoing Technology Department Projects**

- Configuration of network for new Johnson Elementary School
- Inventory and deployment of new MacBook Airs to 52 staff members
- Inventory and deployment of new iPads to 67 Staff Members
- Additional configurations of VoIP phone system (faxing, paging, dial plans)
- Final inventory and trade-in of previous iPad and MacBook fleet
- Staff device migration from iBoss filtering to Lightspeed filtering
- Staff Apple device migration from Filewave MDM to Jamf MDM
- Staff PC device migration from Filewave MDM to Intune MDM

## **Emerging Technology Department Projects**

- District network 5-year planning
- Fall Technology Committee Retreat
- Staff account creation workflow (revision of process)
- Guest and Internet of Things (IoT) network access
- Staff device operating system upgrades
- Administrative assistant device upgrades
- Student Technology Leadership Program (STLP) project planning
- E-Rate Reimbursement Requests
- Inventory and deployment of Logitech Crayons to ES students

#### Work Orders (detailed report attached)

- 98 work orders carried forward into July
- 520 work orders opened July-September
- 339 work orders closed July-September
- 279 work orders carried forward into October

## Reports submitted to Kentucky Department of Education (detailed reports attached)

- 2020-2021 Technology Activity Report
- 2020-2021 Digital Readiness Survey

## 2021 Summer Work Orders - July 1 - September 30

## \*Reporting period data is highlighted in yellow

## 2020-2021 Technology Activity Report (TAR)

KDE requires that technology expenditures that fall within 17 state-appointed categories be submitted by the Director of Technology and recorded in MUNIS by the Director of Finance.

This annual report is a requirement for KETS Offers of Assistance funding.

| Code       | Desc                                   | Dollars      |
|------------|--|--------------|
|            |  |              |
| 310-01-100 | STUDENT WORKSTATIONS                   | 27,958.87    |
| 310-01-101 | ASSISTIVE AND ADAPTIVE TECHNOLOGY      | 0.00         |
| 310-01-102 | SOFTWARE, APPS, & DIGITAL CONTENT      | 40,107.84    |
| 310-01-103 | STLP LEADERSHIP & SERVICES             | 3,269.68     |
| 310-01-104 | CLASSROOM INSTRUCTIONAL TECHNOLOGY     | 7,987.16     |
| 310-01-105 | FACULTY/STAFF WORKSTATIONS             | 7,470.24     |
| 310-01-106 | SCHOOL & DISTRICT PRINT SERVICES       | 52,800.00    |
| 310-01-107 | FILE SERVERS AND STORAGE               | 0.00         |
| 310-01-108 | SCHOOL & DISTRICT PHONE SYSTEM         | 38,566.07    |
| 310-01-110 | FINANCE ACCOUNTING SYSTEM              | 8,517.64     |
| 310-01-111 | STUDENT INFORMATION SYSTEM             | 25,021.80    |
| 310-01-112 | SCHOOL & DISTRICT NETWORKING WIRING    | 1,050.40     |
| 310-01-113 | SCHOOL & DIST NETWORKING<br>COMPONENTS | 2,638.08     |

| 310-01-115 | PEOPLE SIDE OF EDUCATION TECHNOLOGY    | 504,268.59   |
| 310-01-116 | PROFESSIONAL DEVELOPMENT               | 898          |
|            | MACBOOK LEASE PAYMENTS                 | 358,103.81   |
|            |  |              |
|            | TOTALS                                 | 1,080,205.78 |

#### \*All district submitted data is highlighted in yellow

## 2020-2021 Digital Readiness Survey Data

KDE requires each district to provide snapshot data for the purpose and determination of: (1) implementing the KETS Master Plan for Technology initiatives, (2) technology funding, (3) on-line applications and (4) on-line testing.

This annual report is a requirement for KETS Offers of Assistance funding.

\*All district provided answers are highlighted in yellow

| SCHOOL DISTRICT              | Fort Thomas ISD |
|------------------------------|-----------------|
| ADA                          | 2,893           |
| NUMBER OF SCHOOLS            | 5               |
| NUMBER OF CLASSROOMS         | 181             |
| NUMBER OF CLASSROOM TEACHERS | 184             |

#### Section 1: Instructional Devices and Ease of Access

(Inventory - Report as of June 30, 2021, include encumbered items as of the same date)

| Student Dovince in Elementery Schools (D., Crode 5)   | Total |
|---|-------|
| Student Devices in Elementary Schools (P - Grade 5)   | Total |
| Total Number of Instructional Devices for STUDENT Access (this includes ALL devices and access "seats")   | 1,305 |
|   |       |
| Student Devices in Secondary Schools (Grade 6 - Grade<br>12)  | Total |
| Total Number of Instructional Devices for STUDENT Access (this includes ALL devices and access "seats")   | 1,867 |
|   |       |
| Staff Devices in ALL Locations (Classroom Teachers,<br>Building & District Administrators, & Other Personnel)   | Total |
| Total Number of Instructional STAFF Devices District Wide (this number should also include staff not assigned a course load. e.g., central office staff, directors, etc.) | 506   |
|   |       |
| Next Generation/Mobile Devices  | Total |

| Of the totals for Student and Staff instructional devices above, how  |               |
|---|---------------|
| many of those are Next Generation/Mobile Instructional devices?   |               |
| (next gen/mobile devices are typically a smaller form factor device   |               |
| designed for portability and mobility by the user, <b>and/or</b> generally  | 3,532         |
| running an operating system capable of using mobile cloud-first apps.<br>Examples are iPads, Microsoft Surface, Chromebooks, Macbook Air, |               |
| Windows laptops, etc.)  |               |
|   |               |
| Total number of Instructional Devices   | Total         |
| Student Devices   | 3,172         |
| Staff Devices   | 506           |
| TOTAL   | 3,678         |
|   |               |
| Annual Purchases and Surplus  | Total         |
| How many total Instructional Devices within the district were   |               |
| purchased/acquired new, from all funding sources, during this annual reporting cycle (7/1/20 - 6/30/21)?                                  | 126           |
| How many total Instructional Devices within the district were   | 0             |
| surplused during this annual reporting cycle (7/1 - 6/30)?  |               |
|   |               |
| Personally Owned Devices  |               |
| Has the district permitted (by way of policy) personally owned<br>Devices to be brought to school by students?                            | NO            |
| Has the district permitted (by way of policy) personally owned  |               |
| Devices to be brought to school by staff (adults)?  | NO            |
|   |               |
| 1:1 Implementations   |               |
| Has the district purchased devices for a 1:1 implementation (district / school assigning devices to students)?                            | YES           |
| If yes, what is the scope of the implementation? (e.g. district wide, school wide, grade level, program based, etc)                       | district-wide |
| If yes, what device(s) are being purchased in the implementation?   |               |
| iPads and MacBook Airs  |               |
|   |               |
| Internet Access at Home   |               |
|   |               |

| What's the <b>current number</b> of students who DO NOT have Internet access <b>at home</b> capable of having a good experience while watching a YouTube video? (actual number of students and not a percentage)   | 35    |
|--|-------|
| Internet Access Beyond the School Campus   | Total |
| What's the current number of students who DO NOT have Internet<br>access <b>in ANY location</b> beyond the school campus, to complete<br>school work? ( <i>This question accounts for students who do not have</i><br><i>Internet access at home AND also have no means to access the</i><br><i>Internet for school work in other locations (i.e., community hotspots, a</i><br><i>relative's home, etc.</i> ) | 10    |

What method was used to determine Internet access for students?

Enrollment question (by paper or online registration)

## Section 2: Instructional Device Operating Systems

(Report as of June 30, 2021, *include encumbered items as of the same date*)

| How many of the total Instructional Devices use the following OS?                         | Total |
|---|-------|
| iOS 12.x or earlier   | 42    |
| iOS 13.x or newer   | 1,474 |
| Mac OS 10.11 or earlier   | 3     |
| Mac OS 10.12 or newer   | 2,009 |
| Windows 10  | 150   |
| OS (Section 2) Calculated TOTAL   | 3,678 |
| How many of your total student devices are able to be used for state required assessment? | 3,172 |
|   |       |
|   |       |
| Section 3: Network Connectivity   |       |

(Programmatic - Report as of September 15th, 2021)

| School Wide Area Network (WAN) Connection to District | # Schools |
|---|-----------|
| Hub Site  | # Schools |

Number of schools connected to WAN via the following connection speed (please use advertised download speed coming into building, not actual speed in classroom or work area)

| Greater than a 1 Gbps  | 4 |
|--|---|
| Located at the KEN Hub Site  | 1 |
| Number of <b>A1-D1 schools</b> that already have wireless able to generally support BYOD or 1:1 (dense wireless, ready for every student to connect 1 or 2 devices and have a good experience)   | 5 |
| Number of <b>Other Buildings</b> that already have wireless able to generally support BYOD or 1:1 (dense wireless, ready for every student to connect 1 or 2 devices and have a good experience) | 2 |
|  |   |

# Section 4: The People Side of K-12 EdTech (Programmatic - Report as of September 15th, 2021)

| Ed Tech Leader   | Total     |
|--|-----------|
| Total number of days the Ed Tech Leader position is employed.  | 260       |
| Is the Ed Tech Leader role currently a <b>certified</b> or <b>classified</b> position in the district? | CERTIFIED |

Which best describes the role/responsibilities of the Ed Tech Leader in your district? (select one that best describes):

Responsibilities and expectations are primarily focused on understanding the educational needs and challenges of the district with a "seat at the table." Responsibilities would likely include influencing district level budget conversations, leading planning efforts, research, procure state and federal program funding, and establish overall direction and vision of using technology for school efficiencies and instruction/learning.

| Does the Ed Tech Leader report directly to the superintendent?   | NO     |
|--|--------|
| Does the Ed Tech Leader have district wide technology budgetary control and influences over other budgets?   | NO     |
| Does the school district have someone tasked with being overall in charge of Data Quality (one person that is generally responsible for data in all data systems)? | NO     |
| Has the school district implemented "Data Stewards" for valuable data elements in your district?   | NO     |
| What percentage the Ed Tech Leaders time is spent on activities outside of those that are technology related?  | 10.00% |
|  |        |

| <b>DLC/TIS/TRT</b><br>(Digital Learning Coach/Technology Integration Specialists /Technology<br>Resource Teachers)  | Total              |  |
|---|--------------------|--|
| Number of Full-Time DLC/TIS/TRT positions in the district?  | 2.00               |  |
|   |                    |  |
| Technicians   | Total              |  |
| Number of Full-Time <b>in-house</b> district/school technicians (including<br>Network Administrators, Technical Support Managers, and Lead<br>Systems Analysts) that focus on daily operations and maintenance? | 3.00               |  |
|   |                    |  |
| School Technology Coordinator (STC)   | Total              |  |
| Number of schools with an STC   | 5                  |  |
| Annual stipend per STC  | \$2,987            |  |
|   |                    |  |
| STLP Coaches/Coordinators   | Total              |  |
| Number of schools with an STLP Coach/Coordinator?   | 3                  |  |
| Annual stipend per STLP Coach   | \$810              |  |
|   |                    |  |
| Library Media Specialists   | Total              |  |
| Number of Library Media Specialists employed by the district and/or at the school level?  | 5                  |  |
| Which of the following best describes the way Library Media Specialists contribute to digital teaching and learning in your district?   |                    |  |
| Collaborates with teachers/staff in an intentional way to promote digital strategies for teaching and learning (lesson planning, coaching, etc.)  |                    |  |
| Serves additional role as School Technology Coordinator and/or STLF   | <sup>o</sup> coach |  |
| Serves on District Technology Committee   |                    |  |
|   |                    |  |
| Student Support   |                    |  |
| Do you have students (ex: STLP, internships, apprenticeships, etc.) assisting with technology leadership, services, support and training?   | NO                 |  |
|   |                    |  |
| Training Resources  |                    |  |
|   |                    |  |

| Is there a purposeful implementation of <b>teacher/adult</b> learning of the<br>9 elements of Digital Citizenship (via Professional learning/ PD,<br>Digital Driver's License, Common Sense Media resources, etc.) | YES         |  |
|--|-------------|--|
| Digital Driver's License, Common Sense Media resources, etc.)  |             |  |
|  |             |  |
| Section 5: Student Digital Opportunities (Programmatic - Report as of September 15th, 2021)  |             |  |
|  |             |  |
| STLP   | Total       |  |
| Number of schools with active STLP?  | 3           |  |
| Which best describes your STLP?  |             |  |
| Both afterschool and integrated  |             |  |
|  | -           |  |
| Digital Citizenship  |             |  |
| Is there a purposeful implementation of <b>student</b> learning of the 9   |             |  |
| elements of Digital Citizenship (via Digital Driver's License, Common Sense Media resources, etc.)   | YES         |  |
| Select the elements of Digital Citizenship being implemented with  | h students: |  |
| Digital Access   |             |  |
| <br>Digital Commerce   |             |  |
| Digital Communication & Collaboration  |             |  |
| Digital Etiquette  |             |  |
| Digital Fluency  |             |  |
| Digital Health & Welfare   |             |  |
| Digital Law  |             |  |
| Digital Rights & Responsibility  |             |  |
| Digital Security & Privacy   |             |  |
|  |             |  |
| Online/Virtual Courses   |             |  |
| Are you offering "all online" or virtual courses to students for credit?<br>(could be full-time or part-time enrollment)   | YES         |  |
| If yes, what content providers are you currently using? (Check all that apply)   |             |  |
| Edgenuity  |             |  |
| Edmentum Courseware  |             |  |
|  |             |  |

| How are these courses setup in Infinite Campus to award credit and tr  | ack attendance?                 |
|--|---------------------------------|
| Virtual/Performance Based  |                                 |
| Do you enroll students from out-of-district into your online/virtual courses?  | NO                              |
| Do you have an option for students to be enrolled FULL-TIME in a virtual school, program, or academy? (i.e. students course load is facilitated entirely online and are not required to attend in-person in one of your brick and mortar classrooms) | YES                             |
|  |                                 |
| Individualized Learning Plan (ILP)   |                                 |
| Does your district offer an accessible eletronic individual learning plan for each student grades 6-12?  | YES                             |
| What system/platform are you using for ILPs grades 6-12?   |                                 |
| Naviance   |                                 |
| Is your district ALSO implementing an ILP for elementary students (not mandated by law)?   | NO                              |
|  |                                 |
| Student Performance-based Competency in<br>Technology  |                                 |
| Does the district have procedures for developing successful demonstration of performance-based technology competencies as part of minimum graduation requirements?   | YES                             |
| What best describes the successful demonstration of performance-bastudents in your district?   | sed technology competencies for |
| Curriculum Touchpoints and Artifact Curation   |                                 |
|  |                                 |
| Computer Science   | Total                           |
| How many of your K-8 schools provide computer science learning opportunities for students (anything beyond Hour of Code)?  | 4                               |
|  |                                 |
| Learning Management Systems  |                                 |
| Do you have a district wide or school-wide approach to a Learning<br>Management System (LMS)?  | YES                             |
| Schoology  |                                 |
| Seesaw   |                                 |
|  |                                 |
|  |                                 |

| YES  |  |  |
