**Norms and Process**

Notes:

Dr. Anderson briefly reviewed central norms with the committee.

**Areas to review**

Notes:

Dr. Anderson underscored the significance of input regarding the two-fight proposal. He highlighted the handbook's policy-oriented purpose and advised members to direct feedback to policy considerations rather than administrative, operational, or procedural details. Additionally, he noted that the two-fight proposal is slated for inclusion in the 2027-2028 SSBIH submission to the Board. Committee members then broke into smaller working groups to verify that each stakeholder group's feedback was fully recorded. Participants were then asked to align their input directly with the drafted narrative for the two-fight proposal, specific protective measures, and exit review processes, and then present summaries back to the full assembly.

**Adjournment/Next Steps**

Notes:

The following items will need to be completed by our next meeting:

- Ensure we have captured all of the feedback for your role group. Focus any additional feedback on the actual narrative for the handbook. The district will operationalize the procedures if the proposal is approved.
