

KENTUCKY DEPARTMENT OF EDUCATION
STAFF NOTE

Review Item:

702 KAR 7:065 Annual Reporting Requirements

Applicable Statute or Regulation:

KRS 156.070
702 KAR 7:065

History/Background:

Existing Policy. 702 KAR 7:065 designates the KHSAA as the entity to manage interscholastic athletics. As the designee, the regulation requires the KHSAA to annually submit several reports. In accordance with this regulation, the KHSAA regularly submits through its liaison designated by the Kentucky Department of Education, all reporting requirements mandated by this regulation. All reporting parts of Section 2 have been complied with by the Association.

Section 3 (a) requires a continual presentation of a draft budget which has already been provided in compliance with this requirement. The balance of financial information is contained in the completed Association audit in compliance with Part 2 of the regulation, and is included as attachment "A". The audit was performed by the firm of Stivers and Associates in Lexington, a firm selected last year following the solicitation of competitive proposals in compliance with recommendations from the KBE Commission on Interscholastic Athletics.

The regulation also requires that the Association conduct a review of its Constitution and Bylaws, and such was done during the 2009-2010 and 2010-2011 school years by the Board of Control of the KHSAA. Following this review, there were minimal changes to the Constitution and Bylaws considered by the 2010 Annual Meeting and these have been reviewed previously and approved by the Kentucky Board of Education as part of the revisions to 702 KAR 7:065. The Board of Control continues to review potential further changes to the KHSAA Bylaws, particular the rules regarding student transfer, as it considers the final report from LRC Program Review in 2009.

The staff of the KHSAA certifies that the Board of Control has taken action on these items as documented by the minutes of Board of Control meetings.
