Subject: Board Agenda

Please add to the board agenda:

Approve the purchase to upgrade our existing wireless network equipment to be leased on a 5 year lease with Dell/Enterasys for a cost of \$41,175.77 a year.

Explanation:

We are currently in a five year lease with Dell/Enterasys for our current wireless network equipment – we currently have 2 more payments on the original lease the current lease payment is \$41,398.28 – we will be absorbing the final 2 payments into the new lease and the new lease payment will be \$41,175.77. Our current equipment has reached end of life in December 2010 and will reach end of service in June 2011 which is the reason we will be upgrading.
