

## Assistant Principal Additional 10 days Request

It is being requested to provide Josh Hunt, Assistant Principal of Todd County Middle School, to receive an additional 10 days into his 2011-2012 contract.

This would be a cost of <sup>2637</sup>~~\$2480~~, paid from Todd County Middle School SBDM Funds.

Rationale: Mr. Hunt has <sup>210</sup>~~207~~ days as of his current contract. Allowing additional working days provides TCMS the capability to meet the administrative needs as we begin a new school year. This would allow for <sup>220</sup>~~217~~ days which will make the TCMS administration available all throughout the school year.

Mr. Hunt is also the athletic director and must be available two weeks before school starts to oversee the beginning football practices as well as being available for parent concerns during this time.

Mr. Hunt is also needed in activities needed to begin the school year as it pertains to our students and staff. Such as Leap Start and preparing schedules, teachers handbook and PRIDE.

Thanks for your consideration in this matter.
