Homework Buddies for ESL Upper and Lower Elementary students and their parents

Comments from teachers about students attending Homework Buddies

- *The program was extremely beneficial in assisting Kevin in completing weekly assignments and in promoting the benefits of staying on top of work and asking questions when unsure. It is a wonderful resource to the families as it seems to promote learning for not just the student, but for the family members, too, to create a far-reaching benefit. Students and parents can work on tasks, asks questions, and feel successful learning, which transfers to the classroom. I am very glad we have Homework Buddies.*
- *Wendy has made leaps and bounds in her progress across the board. She is reading better and sounding out words that she didn't quite do before. Her writing is much better and her math has improved greatly. Wendy has benefited from this program.*
- *Both boys were caught up on school work that was difficult for mom and dad to understand and complete at home. This is a great program!!!.*

STAFF

5 instructors

1 instructor assistant/clerk

1 director/instructor

1 childcare assistant

Thank you, Gallatin County Board of Education and Mrs. Perkins, for your partnering with and your support of JCTC/Gallatin County Adult Education.
