Gary -

Per our conversation today (and my subsequent voice-mail to you), I have attached the breakdown info from Swift Roofing for the pending Change Order.

As we discussed, over the past two weeks we have adjusted the total down to \$30,305. I realize that there was some impatience over the amount of time that it took to refine this number, but I believe that the outcome was well worth the time spent.

I will be happy to review this information at any time with you or anyone who may want further explanation. 502.445.5667

Thanks.

Greg

Re: Meadowview Elem
Saddle Replacement

Swift Roofing will provide all labor, material, equipment, supervision and insurance to complete the scope of work listed below.

Note: The existing Polystyrene saddles to be reused, would not stand up to the installation of the new TREMCO roof system there was some type of fuming phenomena that dissolved the existing saddles. Below is the cost breakdown associated with their replacement.

Scope of work:
Includes:

- 1 Remove existing roof and Tapered Saddles at S.E. Classroom drain line.
- 2 Install new Tapered Iso. And rigid Iso insulation overlaid with new 1/2" wood fiber and 1/4" Dens Deck board.
- 3 Install new Tremco Roof system making required tie in to adjoining roof area.
- 4 Install new baseflashing effected by replacement of saddles.
- 5 Remove all debris related to this scope of work.

Labor	5,635 00
Material:	
1,000 Fasteners	150 00
12 sq Tapered Iso	1,884 00
19 sq 1/4" WF	383 00
19 sq 1/4" Dens Deck	655 00
Drain lead, cement & misc material	185 00
Disposal:	554 00
Subtotal	9,446 00
10% OHP	944 60
Total:	\$ 10,390.60

Thank You,

Brian Dolk
Project Manager

Re: Meadowview Elem
Cricket Replacement

Swift Roofing will provide all labor, material, equipment, supervision and insurance to complete the scope of work listed below

Scope of work

Includes:

1. (1) Roof drain line approx. 16' x 148'
Remove existing 060 mil EPDM temporary roof, dens deck, wood fiber and Styrofoam cricket material. Install new 1/2" tapered Iso crickets.
2. (2) Roof drain lines approx. 323 linear feet.
Remove existing Styrofoam cricket material and install new 1/2" tapered Iso crickets.
3. Remove all debris related to this scope of work.

Labor	\$ 8,576.00
Material:	
1000 Fasteners	150.00
41 sq. Tapered Iso	6,437.00
24 sq. WF	484.00
24 sq. Dens Deck	827.00
Cement & misc material	412.00
Disposal	1,218.00
Subtotal:	\$ 18,104.00
10% OHP	\$ 1,810.40
Total:	\$ 19,914.40

Note:

- Once the new cricket material is in place the finished roof system will be installed as specified.

Thank You,

Brian Delk
Project Manager
