To: Nelson County School Board

From: Nelson County Baptist Church

In a Business Meeting held on July 24, 2011, at Nelson County Baptist Church, it was determined by the congregation to offer \$52,500 to the Nelson County School System for the purchase of the Old Kentucky Home Middle School building. As part of the purchase, the Church asks for the Board to consider including some green space for ministry use. The green space can be included as part of the purchase or there can be an established 'good neighbor policy' whereby the public school would allow limited use by the church, and the church would allow limited use of the OKH property to the school when schedules do not conflict for either organization. Details of such an arrangement can be worked out as part of the purchase. Another consideration is that the kitchen appliances and equipment, lockers, cabinets in classrooms, etc. to remain with the building upon purchase.

The congregation of Nelson County Baptist Church understands that the amount of the offer is modest considering the square footage that is being purchased. Our figure was derived from careful consideration of our financial abilities and the even greater financial responsibilities that we will incur to use and maintain the building over a long period of time. As citizens who financially support the public school system, we want to be a positive influence on the community and assist the community with the various ministries we will operate from the OKH facility. It is our prayer that the Board will consider the offer legitimate when all the factors are considered.
