Make up rules

Use of Make-up and Bank time days—We will use the four make up days before the last day of school, then the 5 banked days, and finally after 9 missed days, we would extend school calendar starting day after final student day on calendar.

Calendar Differences

Start later due to P.R. and heat

End Thursday before Christmas--not a lot of travel time needed/more days before weather issues

Breaks (Fall and Spring) aligned with 3rd Region schools *if each board approves

Election days may be used by staff not kids

3 more student days in Spring due to number of testing days
