I am curious as to the soccer realignments. The memo from Commissioner Tackett states that the basketball alignment was used. The regional alignment does indeed match. My concern is for district. The district 11 proposal makes for long district travel. District 10 is basically Butler County's neighbors. Since district 10 only has 3 teams presently in it, I would respectfully request that Butler County be in District 10 for soccer.

Thank you for your consideration in this matter.
