

Medical - Family Leave March 14, 2012

To Whom it May Concern,

Due to the conditions of my grandparents they have a Home Health Nurse come in daily. The nurse is taking a vacation between March 19th - April 4th. So due to their circumstances they need help while she is on vacation. The company is unable to find anybody to replace her during that time frame. So my grandfather has asked for my assistance.

Sincerely,
Michelle
