**SUBJECT: 2012-13 SCHOOL ALLOCATIONS (TENTATIVE)** 

This folder contains the per pupil allocations, telephone allocations and staff allocations for the 2012-13 school year. The figures are based on the best estimates available at this time. Projections of student enrollment are used as a matter of necessity and could change by school opening next year. However, these will be good figures with which to begin your budgeting process. According to the information I have, schools and school councils are to complete a budget in the spring for the following school year. Therefore, you should be planning your budget for next year at this time. If I or my staff can be of assistance at any time to aid you in this process, please let me know.

SUBJECT: CATEGORICAL BUDGETS (TENTATIVE)

The following categorical budgets are included for your review. Please remember that the categorical budgets are based on students and/or personnel meeting eligibility criteria, which may vary from year to year at your school. Final figures may change based on the actual services your school qualifies for in 2012-13. Also, keep in mind that several of the categorical programs may in fact be subject to cuts at either the state or national level, which would affect your final eligibility.

Another consideration is that your Consolidated Plan may have an affect on the final categorical budget allocations.

\*Flexible Focus Fund information is based on projections and not actual award notification.
