Mr. Chuck Stallard called the public hearing to order. The hearing officer outlined the purpose of the hearing and the hearing procedures in accordance with 702 KAR 1:001. It was explained that those persons wishing to speak would be given the opportunity and that written statements would be accepted. All considerations will be made available to the Kentucky Board of Education via the hearing officer's report. Mr. Stallard read the proposed amendment to the District Facility Plan which includes;

- **Reconfiguring our school organization to include an early childhood center for preschool to be located at Hogsett Elementary School along with the BOE administrative offices.**
- **New school configuration will include two elementary schools (Grade K-5), middle school (Grades 6-8) and high school (Grades 9-12).**
- **New construction will include replacing Jennie Rogers Elementary and Toliver Elementary on sites to be determined.**
- **Toliver and Jennie Rogers will be classified as Transitional sites pending replacement projects. Hogsett will remain as a permanent site.**
- **Proposed DFP includes striking major Addition/Renovation of Educational Facilities (Category 2c) and Discretionary Construction Projects (Category 5) from all three existing elementary schools.**
- **Proposed DFP includes striking Capital Construction priorities in Category 4-1 for the Central Office.**

The floor was opened to those who wished to make a statement. **It was noted that as of the close of business hours today, the district had not received any written testimony for tonight's hearing.
