RE: Bushnell's NEW High School Golf VIP Program

Since 2006, Bushnell has been working with the members of the GCAA and WGCA to provide Bushnell electronic measuring devices to their college golf programs.

With more and more state associations allowing the use of rangefinders in tournament play, Bushnell is now extending this VIP program to high school golf coaches.

You can work directly through me to place orders. Please see page 2 for pricing and program order form.

Please let me know if you have any questions/comments.

Sincerely,

Margi Harris
