\_\_\_\_\_ Board of Education policy

\_\_\_\_\_ Other \_\_\_\_\_

**Previous Review, Discussion or Action**

\_\_\_\_\_ No previous Board review, discussion or action

\_\_\_\_\_ Previous review or action

Date \_\_\_\_\_

Action \_\_\_\_\_

**Background/Summary of Information**

In fiscal year 2010-2011, the BOE felt the need to equip half of our fleet with new digital cameras while picking up the remaining half at a later date. The camera proposal does equip all regular routes with a digital camera, and includes the 5 new buses acted upon two months ago, however, we still need to equip the 5 new buses with the new digital radios which represents the second quote from RCS communications. There is sufficient money budgeted for the radios in the working budget. The BOE should also know that we only budgeted \$25,000 for the camera project when the working budget was formally adopted in September.

Impact on Resources (REQUIRES FINANCE OFFICER'S INITIALS OF REVIEW)

vg Finance Officer net effect of \$9,236 on contingency

**SUPERINTENDENT'S RECOMMENDATION**

Recommend approval of 18 cameras from Gatekeeper Systems Inc., and 5 radios from RCS Communications at an anticipated cost of \$41,245.
