Hi Mr.Bieger,I'm writing to inform you I will not be coaching middle school football next year.I love working with the kids and trying to get them ready for their freshmen year and the younger ones teaching fundamentals.I have spinal disk disease and disabled which has allowed me to coach both middle and high school,but being out on the field from 3:15 till 8 is more than I can do.I want to thank you for allowing me to be a part of the middle school football program.

Sincerely, Dave McCoy
