Dear Mr. Boyd,

After listening to Commissioner Tackett's guidelines and reasons for realigning our districts in the 1st region, it seems to me, keeping at the for front his main points of emphasis, which were geographic locations, safety of transporting our student athletes and travel time, that Ballard County High School, McCracken County High School and Paducah Tilghman would make up the 2nd district and Graves County High School, Mayfield High School and St. Mary High School would remain in the 3rd district.

### Looking at it geographically:

**Ballard County High School** to **Mayfield High School** 43 miles 59  
minutes actual driving time

**Ballard County High School** to **Graves County High School** 41 miles 54  
minutes actual driving time

- There is no major highway between the schools
- Safest route would be to go through Paducah

### WHEREAS:

St. Mary High School to Mayfield High School 24 miles 33  
minutes actual driving time

St. Mary High School to Graves County High 22 miles 29  
minutes actual driving time

- Travel would be on a major 4 lane highway

Ballard County High School to McCracken County High School 13  
miles 17 minutes actual driving time

Ballard County High School to Paducah Tilghman High 20  
miles 30 minutes actual driving time

- Travel would be on Highway 60, half of it being on a 4 lane highway

Therefore using Commissioner Tackett's criteria for realignment, it appears the most logical thing to do is leave St Mary High School in the 3rd district and move Ballard County High School to the 2nd district.

I would like to thank you very much for you for your hard work on the policy board and for helping with this matter.

Please contact me if I can be of further assistance.

Regards,

Coach Staci Averill

St. Mary High School
