

Program Evaluation

Focusing primarily on measurable student achievement data, ~~The S~~uperintendent/designee shall develop procedures to evaluate instructional programs annually, as they relate to ~~B~~oard of ~~education~~ goals. Procedures shall include both objective and subjective measures of student outcomes in relation to District educational objectives developed and approved by the Board. The results of the evaluation shall be presented to the ~~B~~oard-of-education.

Based on the timeline, criteria and procedures developed by the Kentucky Department of Education, the District's program evaluation procedures shall include audits and reviews in the areas designated by regulation.¹

REVIEW OF NEW PROGRAMS

Prior to implementation, the ~~Board~~Superintendent/designee shall review proposals to offer new school and District programs not addressed by the Kentucky's Core Academic Standards and **make recommendations to the Board.** The **recommendations to the Board** shall ~~require proposals to provide~~contain data supporting the need for the program, an explanation of how the program is expected to improve student achievement, and a schedule for updating the Board on student progress resulting from the new program.
