RE: Waiver for Board Policy 08.113  
DATE: February 13, 2013

I would like to propose that the Board of Education waive a section of Board Policy 08.113, Graduation Requirements. There are three students who are in our School Within A School program as well as the Basic Diploma program who will be able to graduate with the state minimum number of 22 credits. However, these students have not been enrolled in high school for 8 semesters. They will complete all high school requirements including the End of Course Assessments before Spring Break.

We are requesting that the board allow these students to graduate and receive their high school diploma under the provisions of the Basic Diploma with the exception of the following requirement:

*Complete a minimum of eight (8) semesters of high school enrollment.*

All other requirements under 08.113 will be met.
