

SCPS Certified Evaluation Committee

Minutes

Feb. 21, 2013

The following members were present: Marlene Kleinjan, Amanda Jacobson, Ed Downs, Stacy Hieb, Chuck Abell, Bridget Murphy, and Dale Kleinjan.

Curt Haun was not in attendance.

Norma Thurman was the facilitator.

Ms. Thurman explained the purpose of the committee and shared with the members information about the Professional Growth and Effectiveness System (PGES). The committee unanimously voted to adopt the Kentucky Professional Growth and Effectiveness System. This information will be sent on to the Board of Education for approval at the March meeting.

Ms. Thurman also explained that the PGES will be piloted during the 2013-14 school year by at least 10% of schools in every district in Kentucky. No decision had been made yet as to which school(s) will be participating in Spencer County.

All official evaluations for the 2013-14 school year will be done using the current Certified Evaluation Plan. Each teacher representative was asked to poll teachers in their school about any recommended changes to the current plan.

The meeting was adjourned.
