

**Jefferson County Legislative Breakfast  
Wednesday, April 24, 2013**

- Curriculum Management Audit
  - 25 External Reviewers
  - Based on data, observation, and stakeholder feedback
  - Look at all parts of the system – to align our work toward improving student achievement
  - 10 recommendations
- Two Priorities
  - Reorganization
  - Systems in place to support student achievement – more resources in schools
- 18 Community Groups – What Works

**Result is our Roadmap – Vision 2015**

- District Accreditation Powerful Best Practices
  - Community Partnerships
  - Vision 2015
  - Refocus on Student Achievement
  - Honesty and Transparency
- Four Focus Areas
  - Increased Learning
  - Graduation & Beyond
  - Stakeholder Involvement and Engagement
  - Safe, Resourced, and Supported Schools
- That last focus area is why we are here: Resourced and Supported Schools
- We need to ensure that every dollar we spend can be linked to how it reaches the desk of a student.
- Strategy 4.5 talks about our financial responsibility for a return on citizens' investment in JCPS.
- That is why I recommend – I and our Board approved the expenditure of funds to partner with and engage the office of the State Auditor.
- This is about affirming best practices in place and continuous improvement.
- We welcome this opportunity and the feedback.
- Our students deserve no less than every dollar being directed at their achievement.
