

### PROJECT/EVENT PROPOSAL FORM

Proposal: Installation of cabinets in TNHS Football Concession area

Date:	3/14/13	School:	Thomas Nelson High School		
Submitted by:	Leslie Flechler, TNHS Football Boosters	Phone:	827-0624		
Project Description:	Installation of cabinets in the football concession area. There will be no electrical work involved and no other alterations to the space except for the installation of lower cabinets and 2 shelves for microwaves. Currently, there isn't any type of storage, counter space or food prep areas in the concessions. There are 2 walls where we are proposing cabinets be installed. One is to the right when entering the area and the other is straight ahead in the center of the area. (see photos) Both are concrete walls. Completion of this project will allow for proper food prep space, storage and display space. This area is inspected by the Health Department therefore proper food prep space is needed.				
Educational Objective:	Please see above for our objective.				
Project Cost Estimate:	\$1000	Funding Source:	Funds already raised by Booster Club
