Ms. Sebring

July 10, 2013

I regret to inform you that I have decided to leave the Gallatin County School System after 14 years. I have enjoy working with everyone and I have learned a great deal. I will miss the students the most seeing them from 3rd grade and moving up to be 8th graders was a joy. This was a very difficult decision for me to make but for my health and my family it is the only one to make. I feel like I am losing two families by doing this my real family, and my working family that was all of the school food service and a lot of the staff. My new life is in South Carolina now and that is a change for me no real family a brother in law so I need to decide what to do with my life. I want to thank you for everything.

Thank You,
Beverli Pemberton
