

# 2013 Football Playoff Study Survey (for potential 2015 playoffs)

## Board of Control Information Survey on Football Playoffs

### **THIS SURVEY IS DUE BY FRIDAY, JUNE 7, 2013**

The KHSAA is conducting a survey of the Football playing member schools as it begins its review of alignment and playoff information for the 2015 season.

THERE WILL BE ONLY ONE RESPONSE ACCEPTED PER SCHOOL. Multiple Responses will be reduced to a single response and will be prioritized by Superintendent, Principal and then Athletic Director.

Please keep in mind that no changes could possibly be in effect until 2015.

The Board is constantly reviewing its championships to determine if they are optimal. This survey specifically covers the bracketing issues associated with postseason play without regard to any other changes being made and therefore the single issue should be considered alone. Four teams have advanced from each district since the mid to late 1990s, and in years prior to that time, two teams advanced and at another era, only one team advanced from each district.

### **\*1. Name-**

### **\*2. Position in School or District**

- Superintendent
- Principal
- Athletic Director

### **\*3. Please select member school**

### **\*4. In my role, I am in favor of the following playoff system**

- My school favors four teams from each district advancing into the playoffs (current system)
- My school favors three teams from each district advancing into the playoffs with the first place team receiving a bye
- My school favors two teams from each district advancing into the playoffs
