RE: Name of Stopher Elementary School's Outdoor Classroom – The Lori Kubach Outdoor Classroom

Dear Board Members,

As former Vice President of Stopher Elementary School, as well as every 1 Reads tutor, I spend a great deal of time in and around the school. Lori Kubach has played a crucial role in developing the Outdoor Classroom. The facility was her brainchild from the start, an idea which she propelled forward by reaching out to various architects, working with them to develop an aesthetically pleasing, functional classroom which incorporated elements that would maximize learning for the students.

I believe strongly that the outdoor classroom at Stopher Elementary School would not have become a reality without all of the hard work and dedication of Lori Kubach.

In accordance with JCPS policy and procedure, it is appropriate that the Outdoor Classroom at Stopher Elementary School be named "The Lori Kubach Outdoor Classroom"

Sincerely,

A handwritten signature in cursive script that reads "Lisa Wilson".
