

# Ludlow's Shining Stars

## **Joshua Campbell – 7<sup>th</sup> Grade**

Josh is an incoming 7<sup>th</sup> grader who volunteered all summer at Mary A. Goetz Elementary and Ludlow High School. He worked each day with the custodial staff completing any work that was asked of him by Mr. Wofford. While most students his age were enjoying typical summer fun, Josh was working hard several hours a day to improve our schools.

## **Steve Chapman & Jerry Allender**

Steve and Jerry spent several nights during the month of July installing the camera outside the alley doors. All installation and wiring was completed free of charge to the district. This camera will allow our High School Secretary the ability to see who is at the door before anyone is buzzed into the building. This is just one more way to keep our students safe on a daily basis.

## **Bill McMillen**

Bill contacted the district about several items that his company wanted to donate to schools. We received 200 new 3-ring binders, 100 pocket folders, 4 laptop computers, and a dozen new chairs for the district. All of these items will be used within the district.

## **Cindy Powell**

Cindy contacted our district about a donation from her company. She brought in several dozen 3-ring binders for our teachers and office staff to use. The binders were shared among the schools and district office.
