Dear Ms. Witt:

At Metro United Way, our vision is a community whose people achieve their fullest potential through education, financial stability and healthy lives. We believe we will reach these goals by recruiting the people and organizations from all across the community who bring the passion, expertise and resources needed to get things done, like you. This network of collaborative partnerships with other leaders in our community who share our vision and goals – and the power to make long-term sustainable change happen – is how we'll achieve our Community Aspirations that:

- All children enter kindergarten ready to learn
- All youth graduate high school on time prepared for college, work and life
- Parents and caregivers have the knowledge, skills, and abilities to maintain family stability and help their children succeed
- We sustain a network of services that address basic needs.

Ultimately, the measure of Metro United Way's success is in the ways we are impacting the quality of life for all of us. We all have a stake in creating a healthy and prosperous community and we know that it takes all of us working together to create change. By focusing our energies on those issues that affect the building blocks for a good quality of life – education, financial stability and health - we believe that together, with your organization, we'll reach our mutual goals to strengthen our community and the individuals who live here.

As Metro United Way continues to work toward our Community Aspirations, please accept this letter as notification of Metro United Way's investment. Payments are released from our account at month end, July 2013 through June 2014. Our ability to pay out the program dollars is contingent upon our ability to collect the funds pledged.
