Contract:

Kramer Entertainment

Overview:

Kramer Entertainment provides a Save-a-life Tour—drinking and driving simulator with large screen video screens and live testimony delivering an anti-drinking and driving message to support students against destructive decisions. Distracted Driving Tour provides the same with the message of don't text and drive. The Dome Theater provides academic improvement programs in social studies, science, mathematics, history and language arts as chosen by the teacher.

Connection to District's Strategic Plan:

Focus Area: Increased Learning

Goal 1: Every student progress in his or her learning and meets or exceeds proficiency in all subjects.

Strategy 1.9: Create a coordinated system of student support that will result in increasing attendance, reducing dropout and suspensions, and ultimately increasing time spent on learning.

Focus Area: Safe, Resourced Supported and Equipped Schools.

Goal: All schools are staffed, resourced and equipped to support student needs.

Strategy: 4.4: Develop a comprehensive system of proactive student supports and interventions to ensure that all students are safe, feel secure, and possess a sense of belonging—primary foundation for learning.

Outcome:

The Save a Life Tour and Distracted Driving Tour provides students with a realistic view of what can happen when you make destructive decisions. The Dome Theater provides academic support programs for teachers to increase their students' time on learning. This is an exciting way to reinforce taught skills.

Process and Procedures:

Although the Dome Theater is used within our district, the two programs most often used from Kramer Entertainment is the Save a Life and District Driving Tours. These are provided to our high school and middle school students to help them understand and ultimately decrease poor decision making as it relates to drinking and driving or texting and driving.

Sustainability:

Students will make appropriate decisions related to texting and drinking and driving.
