

2013 KHSAA Triennial Sports Expansion Survey

KHSAA Sports Participation Survey (DUE BY FRIDAY, 31)

Every three years, per adopted policy, the KHSAA surveys the membership in a more general nature as to the desire to expand sports offerings. In this manner, the staff and Board of Control can continue to be pro-active in terms of offering new opportunities, or assessing the satisfaction of its membership with the current offerings.

Please review the listing below and determine the sports that your school would likely add if the KHSAA were to begin sponsoring championship play.

This is not binding and there are no sanctions any school would face by "changing its mind" after submitting the survey. We also realize that other factors would be considered before final implementation.

The Board of Control adopted policy states that the Board will consider sponsoring a championship in a sport in which 10% of the members desire for a championship to be conducted, and when those schools are in at least three of the geographically bounded basketball regions. There is no guarantee of the sanctioning and championship play, but that threshold does allow for discussion.

***1. Please select your school**

***2. Name of Person Completing this form?**

***3. Position in School**

2013 KHSAA Triennial Sports Expansion Survey

***4. NOTE: Nothing about the survey results is an indication of future action by the Board of Control with the exception of discussion, and nothing about the results compels the conducting of a championship event.**

Please indicate whether or not your school would be willing to enter a team (or individuals) in KHSAA Championship play if the KHSAA sponsored the sport. Based on responses, additional surveys may be needed to determine Boys, Girls and Combined Opportunities. This list is derived from the annual survey of states by the National Federation of High School Associations (NFHS)

	Yes	No
Adapted Bowling (Coed)	<input type="radio"/>	<input type="radio"/>
