Commisioner Tackett,

I would like to request that the Board of Control align the current KHSAA bylaws with regards to tennis and the acceptance of prize money with that of the current NCAA bylaws. The NCAA currently allows tennis players to accept up to \$10,000 in prize money prior to full-time collegiate enrollment. Below I have included the the bylaw and the link to the NCAA's 2013-2014 NCAA Division I Manual. Thank you for your consideration. Please let me know if there is anything further that needs to be done on my end. If need be I can be reached on my cell phone at [502-295-5296](tel:502-295-5296).

Jeff Jennings

Assistant Principal

PRP High School

The bylaw can be found on page 61

12.1.2.4.2 Exception for Prize Money—Tennis

12.1.2.4.2.1 Prior to Full-Time Collegiate Enrollment.

In tennis, prior to full-time collegiate enrollment, an individual may accept up to \$10,000 per calendar year in prize money based on his

or her place finish or performance in athletics events. Such prize money may be provided only by the sponsor of an event in which the individual participates. Once the individual has accepted \$10,000 in prize money in a particular year, he or she may receive additional prize money on a per-event basis,

provided such prize money does not exceed the individual's actual and necessary expenses for participation

in the event. The calculation of actual and necessary expenses shall not include the expenses or fees of anyone other than the individual (e.g., coach's fees or expenses, parent's expenses).

(Adopted: 4/26/12,

Revised: 1/19/13 effective 8/1/13)
