Hi Julian / Marilyn,

Best of the New Year to you both.

Would like to get a confirmation on the ability for Australian based 'school' teams to play in KY.

We have 1 who definitely want to tour KY and possibly a second keen to organise games there.

Both 'are' schools.

All student athletes attend

All will be academically eligible

Organised and lead by employees of the school.

The school definitely interested is <http://www.riverview.nsw.edu.au/>

One of their students plays at Butler U in Indianapolis

They are a Jesuit school and hoping to schedule most of their games v similar institutions.

They are open to playing non Jesuit schools as well.

At this point we have a game v St Xavier in Cincinnati.

Please advise as we are keen to start scheduling for DEC of this year.

Cheers and Thanks.

dg

David Greenberg
