JAN 13 2014

Dear Commissioner Julian Tackett,

Prestonsburg High School would like to request the following two models as ways to align Class AA for 2015-2018. We feel all models are geographically sound and provide an even level of competition for all schools. These are based on preliminary numbers that have been presented as data for the Class AA alignment for 2015-2018.

Your time and consideration is appreciated.
