Re: March School Board Meeting

Dear Gary:

Sherman Carter Barnhart (SCB) will be present at the board meeting on Thursday, March 20, 2014, at which time we will report on the construction progress at Hardin County Schools Early College and Career Center, projects currently in design and production, and status of Hardin County school projects nearing project closeout.

Hardin County Schools Early College and Career Center

SCB has provided a construction update packet to the board of education documenting construction progress. SCB will be present at the board meeting to discuss the construction progress.

SCB is requesting pricing information from Morel Construction at the request of Hardin County Schools to modify the welding equipment exhaust and makeup air in the Industrial Maintenance Suite due to proposed changes to the curriculum. Additional power, ductwork, and exhaust to be provided to accommodate up to 16 welding booths in lieu of provisions for 6 welding booths (included in the construction documents). This proposal request is based on recent meetings with the school administration and newly hired instructor.

North Hardin High School – Phase 7

SCB has revised the schematic design of the building based on board of education feedback received in the last two months. SCB will request Schematic Design Approval of revised schematics

Limited Scope Projects

SCB will be seeking approval of the BG-4 document for each package of the recently completed Bluegrass Middle School kitchen renovations.

Mr. Gary Milby

Page Two

SCB has issued the notice to proceed to Phillips Brothers on the Vine Grove Elementary Phase 2 Project.

Projects Nearing Closeout

SCB has met with Mr. Milby and Mr. Taylor regarding recommendations for replacing the tile at Radcliff Elementary. SCB will be conducting a walkthrough at the school to develop a comprehensive review of the tile.

If you have any questions, please feel free to contact me.
