

School	Name	Position	Favor_Oppose	Comment
Allen County-Scottsville	Kerry Harwood	Designated Rep	Yes, we favor	
Anderson County	Rick Sallee	Designated Rep	Yes, we favor	Please consider the rotation of regional district matchups for postseason. A rotation of districts 3, 4, 5 & 6 would be possible with proximity a plus. Thank you!
Apollo	Jon Boultinghouse	Designated Rep	No, we oppose	We have AT LEAST one 2 1/2 to 3 hour road trip each year. (Marshall & Graves are at least 2 1/2 hours) In addition - Christian County is 1 hour 45 minutes. We are better off GEOGRAPHICALLY with a 5 class system. (Indiana has twice as many high schools and only has 5 classes. If we had complete knowledge of the placement prior to alignment - we would have chosen to compete 6A. At 6A we would have only had one 3 hour bus trip EVERY OTHER YEAR (McCracken County) and all other trips would have been under 90 minutes
Atherton	Stephen K. Shartzler, Sr	Designated Rep	Yes, we favor	
Ballard	Chris Kinney	Designated Rep	Yes, we favor	
Bath County	Arlen McNabb	Designated Rep	No, we oppose	When deciding to play in 2A, we thought that there would be more schools located in our geographical region. As it stands now, West Carter is the only school located within 75 miles of our school. That means that on two occasions, Bath County will be traveling to the Covington/Erlanger area and spending over \$1,000 in travel costs. With the proposed alignment, we would be in favor of moving to 3A and playing in District 5 with other schools that are closer in distance. These include Fleming, Lewis, Russell and Pendleton. Even 3A, District 7 has four schools (Morgan, Estill, Breathitt and Powell) that are closer to Bath County than the four schools proposed in the present alignment. Four years ago, Bath County asked to be moved to 3A for economic purposes. The proposed current alignment places us in the same situation. Therefore, we humbly ask to be placed in 3A.
Bell County	richard gambrel	Principal	Yes, we favor	
Bell County	Richard Gambrel	Principal	Yes, we favor	
Berea	Luke Wright	Designated Rep	No, we oppose	DA: April 16, 2014 TO: Commissioner Julian Tackett, KHSAA: KHSAA Board of Control FR: Luke Wright, Athletic Director—Berea Independent Schools RE: Football Realignment Proposal, 1A This message is in response to the released Football Realignment Proposal for 1A Football in respect to Berea Independent Schools. The currently proposal of football realignment is of serious concern to Berea Independent Schools. With the current proposal, we have been assigned to a 5 team district with travelling distances of 80, 105, 134 and 144 miles, respectively. Our largest concerns are the financial and time issues that this proposed realignment will cause. These could easily spell the end of our football program as our District has already restricted travel in our sports programs in order to cut costs, while maintaining opportunities for students. Although we certainly understand the distance that many schools, especially Class A schools, have to travel, we would submit that it seems somewhat unreasonable that a school that lies just at the foothills of eastern Kentucky would be placed in the West with 3 schools in the same district that are over 100 miles away. Compounding the issue is the fact that should we earn a position in the playoffs in this alignment—we would have to travel to the Jackson Purchase (a possible 6
Bourbon County	Tony Sosby	Designated Rep	Yes, we favor	
Boyle County	Will Begley	Principal	Yes, we favor	

Bracken County	Mike Sizemore	Designated Rep	Yes, we favor	
Bracken County	Mike Hunter	Principal	Yes, we favor	
Breathitt County	Michael Bowling	Designated Rep	Yes, we favor	
Breckinridge County	Walt Hildenbrandt	Designated Rep	Yes, we favor	
Bullitt Central	Mike Gossett	Designated Rep	Yes, we favor	Changes: My only question is in regards to 5A football between district 3 and 4. Why would you have South Oldham and Oldham drive by Fern Creek, Atherton, and Southern on their way to play a district game against North Bullitt and Bullitt Central. Solution: Move Southern and Fairdale to District 4 and move South Oldham and Oldham to district 3. You would still have 6 team district and a nice concentric region while eliminatng unnecessary travel. I know the Jefferson county schools want to be together, but they shouldn't get to make that call.you have split the Bullitt County schools many times in all sports.
Bullitt East	Troy Barr	Designated Rep	No, we oppose	
Butler	Mike Crawley	Designated Rep	Yes, we favor	I realize that the playoff rotation for 6A is only projected out the next 3 years but I would be highly against the idea that districts 1 vs 2 and 7 vs 8 are paired against each other on a yearly basis and rotate districts 3, 4, 5, & 6. District 7 & 8 are just as close geographically to 3 & 4 than the northern ky districts.
Caldwell County	David Barnes	Designated Rep	Yes, we favor	
Calloway County	Greg Butler	Designated Rep	Yes, we favor	
Campbellsville	Tim Davis	Designated Rep	Yes, we favor	
Carroll County	Paul Stone	Designated Rep	No, we oppose	
Christian County	Steve Lovelace	Designated Rep	No, we oppose	My concerns is if we get students from Ft. Campbell High School. Will that change Christian and Hopkinsville classification?
Clay County	Robert Nicholson	Designated Rep	Yes, we favor	
Clinton County	Mike Beard	Designated Rep	Yes, we favor	Clinton County has been out of district play for the 2013 and 2014 seasons. We feel we will not be ready to compete in the district at least until mid-alignment. We are requesting that we would be able to stay out of district play for the 15 and 16 seasons and to rejoin the district for the 17 and 18 seasons if our numbers are still up at that time.
Conner	Tom Stelman	Designated Rep	No, we oppose	Conner High School is writing to the KHSAA and the Board of Control in regards to the 2015-2018 KHSAA Football Alignment Draft. Conner High School requests that the Board of Control look at the 6A playoff pairings rotation and consider this proposal. Class 6A Playoff Alignment Proposal: We feel the new Class 6A alignment now allows for true geographic pairings for regional playoff competition more so than in years past. Therefore, we ask the KHSAA and the Board of Control to consider allowing Class 6A to be paired in the playoffs the same way the other 5 classes are paired. We propose the following Regional alignment. Region 1= District 1 & 2- Western Kentucky Region (8 teams) Region 2= District 3 & 4- Louisville Region (10/8 teams with the 2 5th place going to N KY) Region 3= District 5 & 6- Northern Kentucky Region (6/8 teams with the 2 Louisville teams) Region 4= District 7 & 8- Lexington Region (8 teams) Semi-final Round= Region 1 vs. Region 2 Region 3 vs. Region 4 If this playoff alignment is followed, it would allow the Semi-Final round to consist of 1 team from each of the 8 team regions in the 4th round. We feel this makes sense for several reasons. It is very sound geographically. Creating geographically sound regional alignment would allow for strong rivalries to be established. it will help playoff revenue for all

Corbin	Thom Smith	Designated Rep	Yes, we favor	
Dixie Heights	Matt Wilhoite	Designated Rep	Yes, we favor	
DuPont Manual	David Zuberer	Designated Rep	Yes, we favor	
East Carter	Zack Moore	Designated Rep	No, we oppose	The only issue, as head coach, is that we moved from a 3A district with 6 teams to a 6 team 4A district. Someone has to be the smallest 4A school, but I feel that with our location and community population, we would be better suited as a 3A school in district 4 with Russell, Fleming, Pendleton, and Lewis. Either way, we'll accept the final alignment and compete t

Fairview	Fairview High School	Designated Rep	Yes, we favor	
Fern Creek	Troy Johnson	Designated Rep	Yes, we favor	
Fleming County	Bill Spencer	Designated Rep	Yes, we favor	
Fort Knox	Jackie Prather	Designated Rep	Yes, we favor	
Frankfort	Craig Foley	Designated Rep	No, we oppose	Frankfort would like a move to the East. We are not in favor of the current proposed alignment.
Franklin County	Tracy Spickard	Designated Rep	No, we oppose	We oppose the draft alignment for travel reasons. The new draft alignment adds several miles to our travel within district and regional play over what it has been with the current alignment. Within our school district, we continue to face difficult challenges with our transportation budget and we have been informed that our budget will be cut significantly for the upcoming 2014-15 school year. As a result, we have tremendous concerns about travel for our athletic programs. We would like to propose the following: District 5-- Franklin Co., East Jessamine, West Jessamine and Mercer Co. District 3-- Breckinridge Co., John Hardin, Marion Co. and Taylor Co. District 4--Collins, North Oldham, Spencer Co., Western and Valley With this proposal, travel is reduced considerably within district play as well as in region play. The longest distance would be 78 miles (Scott) versus 113 miles (Breckinridge Co.) We understand that our request to move also affects four other schools (Marion Co., Taylor Co., Western and Valley), and we welcome their feedback and the feedback of the BOC on our proposed alignment. As you know, some districts are challenging to set up travel and distance wise, because no matter which avenue you take, there is considerable travel involved. The proposal we came up with attempts to address travel concerns in the most fair way possible for
Franklin-Simpson	Kendrick Adams	Designated Rep	No, we oppose	We oppose South Warren High School being placed in a 4A district when their numbers seem to indicate they are clearly a 5A school that is only going to continue to grow over the next 4 years. Other than that we have no issues. We would like to know why this is arranged in this manner?
Fulton City	Chad Malray	Designated Rep	Yes, we favor	
Grant County	Steve Thompson	Designated Rep	No, we oppose	
Graves County	Doug Gloyd	Designated Rep	Yes, we favor	
Greenup County	Jerry Allen	Designated Rep	Yes, we favor	
Hart County	Greg Cecil	Principal	Yes, we favor	
Henderson County	Vivian Tomblin	Designated Rep	Yes, we favor	

Henry County	Todd Gilley	Designated Rep	No, we oppose	KHSAA: This letter is concerning the proposed high school football redistricting for the 2015 season. My school, Henry County High School is scheduled to be aligned in the following new district: Boyle, Garrard, Henry County, Western Hills and Lexington Catholic. This proposed district creates a substantial travel issue for our school system (estimated 251 miles one-bus, one-way from home school to away schools and we always take more than one bus). We would be leaving our current district of Louisville area schools for this 2015 realignment. In terms of mileage, it makes much more sense for us to play in the realigned district that features Bardstown, Thomas Nelson, Central, Moore and Waggener. I do not know how feasible six team districts are in terms of your realignment efforts (there are other proposed six-team districts), but that would be the logical realignment on our end. If your efforts are to maintain five-team districts, then just by having us switch places with Bardstown, putting them in the aforementioned Boyle, Garrard and Lexington Catholic district (estimated 159 miles one-bus, one-way for Bardstown from home school to away schools), the realignment process makes much more sense in terms of mileage. For Henry County to travel to the three Louisville schools would be approximately 121 miles one-bus, one-way home school to

Holy Cross (Louisville)	Todd Crumbacker	Designated Rep	Yes, we favor	
Hopkins County Central	Nancy Oldham	Designated Rep	Yes, we favor	
Hopkinsville	Marc A Clark	Designated Rep	Yes, we favor	
Jackson County	Wesley Bishop	Designated Rep	No, we oppose	We oppose the alignment proposal due to travel, competition, no established rivals, better gate, and less travel. The travel from Jackson County to Bell and Casey counties would be far greater than that Breathitt and or Morgan County. As well as travel, because of the limited tradition of our team we believe that staying in the previous district is better for our football program and that playing teams such as Bell County and Corbin will only be detrimental to our program and drive our numbers down. We are trying to build at Jackson County and staying in the proposed district would only hinder our growth. Jackson County would like to be in the district with our previous teams as well as possibly Estill and Powell who we are in the geographic proximity with and are more comparable. Also our gate would suffer due to the fact of our are only competitive district games would be Casey and McCreary who are both very far away and there would be little hope against Bell and Corbin. We appreciate your consideration for our concerns and hope that you will look into putting us into another district that would help Jackson County Football grow for the future.
Johnson Central	Noel Crum	Principal	Yes, we favor	
Knott County Central	Robert "Bobby" Pollard	Principal	Yes, we favor	
Knott County Central	Steve Hollon	Designated Rep	Yes, we favor	
LaRue County	David Dawson	Designated Rep	Yes, we favor	Well done!
Lewis County	Joe Hampton	Designated Rep	Yes, we favor	

Madison Southern	Calvin Creech	Designated Rep	No, we oppose	Madison Southern High School is opposed to the realignment proposed earlier this month due to several factors. With the current teams in 5a, district 7, we have over the years fought bitter contest with these schools and have built up not only a following of fans but have also developed good, strong rivalries. It has been the opinion of many people that 2 of the strongest teams in 5a last year were in district 7 and we hope to continue this rivalry not only this year but in the years to come. We have a strong desire to be back into a district with Pulaski, South Laurel, Lincoln, and Southwestern, and they have a desire for us to keep the up the rivalries developed over the years together. This alignment is good for the district and is good for high school football as well. We understand that this is personal to us but we also understand that the numerous phone calls we have received have been laced with questions about the loss of history, tradition and competitiveness among the current schools. Not only has there been a tradition among the schools in the current district but over the last few years there have been a rivalry between region 7 and region 8 that will be lost, namely the one between Madison Southern and Harlan County. This game will also be lost to the realignment proposed if we are moved out of the 7th district. this is not good.
Male	John Kelsey	Designated Rep	Yes, we favor	
Marion County	Robby Peterson	Designated Rep	Yes, we favor	
Marshall County	Jeff Stokes	Designated Rep	Yes, we favor	
McCracken County	Kris Garrett	Designated Rep	Yes, we favor	
Meade County	Todd Clanton	Designated Rep	No, we oppose	The only issue we have is a minor issue in the grand scheme. We would love to be a part of a 4 to 5 team district from a scheduling and competitive stand point. Our thoughts are that Ohio Co. or Daviess Co. could shift to District 2 in order to make both District 1 and 2 4 team districts.
Metcalfe County	Fred Harbison	Designated Rep	Yes, we favor	
Monroe County	John Petett	Designated Rep	Yes, we favor	
Montgomery County	Gene Heffington	Designated Rep	Yes, we favor	We prefer rotating districts for the playoffs similiar to how they do in Class 6A. This would mean that one year we would match up with district 5 then 4 the next year and so on. This would keep us from being paired with the Highlands/Cov. Cath./Dixie district every year for region.

Newport Central Catholic	Rob Detzel	Designated Rep	No, we oppose	Traveling to Bath Co. and West Carter because they are in our district is definitely not an ideal situation for Newport Central Catholic and will be a financial burden.
Nicholas County	Robert Hopkins	Designated Rep	Yes, we favor

North Bullitt	Ryan Bringham	Designated Rep	Yes, we favor	
North Hardin	T. Chris Mathews	Designated Rep	No, we oppose	We have been placed in Class 6A. We have the lowest historical population of all 6A schools and with the closure of an entire brigade at Ft Knox, our population will not substantiate us being a 6A school. We will lose hundreds of students. Recommend we be placed in class 5A. This move would be prudent based on the certain loss we will incur.

North Hardin	Brent Thompson	Designated Rep	No, we oppose	I know that Fort Knox High School was given the opportunity to move down in a class due to 3500 troops and families being stationed elsewhere in the US. Looking at our numbers alone, we believe that our student population will be decreasing as well due to this move. We believe that we will lose around 150-200 students in our building. Since we are near the very bottom of 6A, we would like to be placed in the 5A class. Thanks for your consideration on this matter.
Owensboro	CHRIS GADDIS	Designated Rep	No, we oppose	We will have to drive to Christian County 1 hour 40 minutes, Graves County 2 hours 40 min, Marshall County 2 hours and 15 min every two years. Then possibly play them again in the playoffs. It is difficult, our school releases at 3:20pm, to get a bus before 4:15. Then we must load and go. It put us in a bind to get to the game, unload, tape, warm-up, play, then get home before 1 am. Finally, I have not mentioned the cost of travel. I am sure the other schools have similar concerns.
Paintsville	Jack R. Ousley II	Designated Rep	Yes, we favor	
Phelps	mike hamilton	Principal	No, we oppose	Oppose the inclusion of Hazard in 1A District 8...move Hazard to District 6(making a 4 team district) or replace with Paintsville due to travel distance. This is also a 5 team district...one of two in 1A...while others are 3 and 4 team districts. The 60th District had to realign our basketball district due to other districts have more teams in than our district. If the re-alignment was ok to make districts even... then the same rules should apply to football as well.
Pikeville	Michael Rowe	Principal	No, we oppose	Not a fan of a 5 team district. No need to move Hazard to District 8. Just exactly who was involved in developing the new draft alignment?
Powell County	Monroe jones	Designated Rep	Yes, we favor	Yes, we agree if no others added to district.
Pulaski County	John Hines	Designated Rep	No, we oppose	We would like to see all schools play in the classification their numbers put them in. Just as it was for the previous 4 years. No one should be allowed to play up or down.
Raceland	Bill Farley	Designated Rep	No, we oppose	A 3 team district makes it very difficult to schedule your remaining games while the rest of the state is playing district games. We would like to see another team put into are district such as South Floyd. They are in a 5 team district and the closest to Raceland.
Rockcastle County	Barry Noble	Designated Rep	Yes, we favor	
Rowan County	Marshall Ray Graham	Designated Rep	Yes, we favor	Good geographically for us.
Russellville	John Myers	Designated Rep	Yes, we favor	
Seneca	Scott Ricks	Designated Rep	Yes, we favor	
Shawnee	jason Benning-Wyatt	Designated Rep	No, we oppose	We would like to play in Division 1 district 3
Shawnee	Dwight Bransford	Designated Rep	No, we oppose	We would like to move down from 2A to 1A (District 3) due to low enrollment.
Sheldon Clark	Robbie L. Fletcher	Principal	No, we oppose	I recommend a move for Sheldon Clark High School to 2A. While I have listed several reasons to the KHSAA Board of Controls, these are two of our main points: <ul style="list-style-type: none"> •From the 2010-2011 school year until February 5, 2014, our boys' enrollment has dropped from 361 to 288 (a 20.2% decrease in boys enrollment over 4 years). •From the 2012-2013 school year until February 5, 2014, our boys' enrollment has dropped from 336 to 288 (a 14.3% decrease in boys enrollment over 2 years). These enrollment figures should place us in the 2A classification. We appreciate your consideration. -Robbie L. Fletcher, EdD Principal

South Laurel	Hunter Jackson	Designated Rep	Yes, we favor	
South Oldham	Mitchell F. Irvin	Designated Rep	Yes, we favor	
South Warren	Chris Decker	Designated Rep	Yes, we favor	
Southern	David A. Burns	Designated Rep	Yes, we favor	
St. Xavier	Alan Donhoff	Designated Rep	Yes, we favor	
Tates Creek	Joe Ruddell	Designated Rep	Yes, we favor	
Todd County Central	Todd Marshall	Principal	Yes, we favor	
Todd County Central	Elizabeth Fitch	Designated Rep	Yes, we favor	
Trinity (Louisville)	Dennis Lampley A.D	Designated Rep	Yes, we favor	
Union County	Jeremy Tackett	Designated Rep	Yes, we favor	
Walton-Verona	Kyle Bennett	Designated Rep	Yes, we favor	
Warren East	Jonathan Vincent	Designated Rep	Yes, we favor	
Webster County	Matt Bell	Designated Rep	No, we oppose	Geographically, it seems more efficient for Webster Co to be in 2A district 2 and move Todd Co Central to 2A district 1. When calculating mileage, for Webster to travel in district 1, the estimated total amount of round trip mileage to the schools is 565 miles where Todd co Central's total amount of round trip mileage is 570 miles. For Webster to travel to district 2, the estimated total round trip mileage is 400 miles while the estimated round trip mileage for Todd Co Central is 600 miles. These figures were taken off of mapquest and to each school's respective town. Based on these numbers, Webster Co would like to petition that we be placed in district 2 for class 2A and move Todd Co Central to district 1.
West Carter	Brian Brown	Designated Rep	No, we oppose	FROM:Principal: The proposed football realignment would create a financial hardship on West Carter High School. Travel expenses would be substantially increased. Out of the six teams in the proposed Class 2A District 6, four of them are located in the Northern KY area. This would mean two trips per year that would be a considerable cost to our football program. It could possibly mean that West Carter would have to drop football. We would propose a change to Class 3A District 5. We were less than 30 students from reaching the class 3A enrollment cutoff. Travel would be greatly reduced for us since the trip to Pendleton County would only be once every other year and the other trips would be within an hours drive. Please consider our thoughtful request, as I am sure it was not the intention of the KHSAA to create an undue financial burden on the West Carter High School football program. FROM:AD:West Carter can not financially compete in 2A District 6. The cost of travel would put such a burden on our program, that it would destroy it. We already have a financially strapped program due to low numbers, our location in a high poverty community and a lack of financial support from our local board. When the decision was made to remain 2A (due to our small enrollment), we never imagined being placed in a district where 4
Western	Robert johnson	Designated Rep	Yes, we favor	
Western Hills	Craig Fry	Designated Rep	Yes, we favor	
Whitley County	John Siler	Designated Rep	No, we oppose	We are currently in District 8. According to the new realignment we would placed in District 7. We would prefer to stay in District 8 with Perry County Central, Harlan County Central, and Letcher County Central.
